

PRODUCT SPECIFICATION

NON-ORGANIC BROWN TEFF, WHOLE

DEFINITION:

- Teff is a fine grain, about the size of a poppy seed that comes in a variety of colors. This whole grain is high in protein, carbohydrates, and fiber. It also has a great amino acid profile, including all 8 essential amino acids (the building blocks of the human body). This means its protein is high quality, like milk or meat. It is also rich in calcium and iron.

PACKAGING/SHELF LIFE/STORAGE CONDITIONS:

- The package consists of a 25 lb or 50 lb multi-wall Kraft paper bag or 2000 lb tote.
- Shelf life of the product is about 24 months if stored at ambient temperatures. 6-15°C,
- To preserve product quality, store dry and dark at cool temperatures is recommended.

PHYSICAL CHARACTERISTICS:

- The product shall be free of rancid, bitter, musty or other undesirable flavors or odors.
- The product shall be as free of all types of foreign material as can be achieved through Good Manufacturing Practices.
- Microbiological: This product is considered not ready to eat (NRTE) and requires further processing. As a result no microbiological guarantees are provided
- This product is manufactured in accordance with current good manufacturing practices set forth in the Federal Food, Drug and Cosmetic Act and applicable state Statutes and Regulations and in compliance with Organic Processing Regulations
